## Verify our No Deforestation Commitment

During 2021 LIPSA carried out a verification of our No Deforestation through Starling, a satellite-based monitoring system provided by Airbus and Earthworm Foundation. The Starling technology is able to receive forest cover change updates in near real time, and to link it with our supply chain data.

At the end of 2021 LIPSA monitored **95% of the volume sourced in 2020** and achieve a **62% Verified Deforestation Free score of the total volume sourced by LIPSA**.

We are working with our suppliers on the most significant deforestation events captured by Starling for each quarter to increase the deforestation free %.
